

Walthamstow Gateway

Advanced Notice

Please be aware from the Monday 25th September 2017 we will commence the installation of a rising main (water pipe). This will run from the site boundary within the car park to the junction of Station Approach and Hoe Street.

In order to do this, we will need to dig a trench the full length of the Station Approach and install drainage pipes.

To manage the impact this will have, the work will take place in 10 metre sections. The work will progressively move along Station Approach and is due to take 10 weeks to complete.

There will be specific traffic management around the works and traffic marshals to direct vehicles.

We will also divert the footpath to run underneath the existing West Apartment Building and around the bike shed as highlighted on the drawing overleaf.

We apologise for any inconvenience caused whilst the work is taking place.

Osborne Open Door Policy

Our site operates an open door policy and we welcome anyone with an issue or concern to get in contact with the site team. We'll always do our best to assist.

For all questions, enquires and feedback please call us on 0800 0258 008 or email us at enquiries@osborne.co.uk
